The school paper serving Cedar Valley Community Schools is now in its sixth year. It has been a co-operative enterprise from the beginning. The students, secretary, patrons, teachers, principals, and superintendent all help with its production. It carries news to our school patrons of the community, state department officials, college professors, county superintendents and some exchange numbers. Special editions are sometimes sent out between monthly editions. Papers are also sent out during vacation months. The staff listed here works on the Cedar Valley Community School News.
